■ PH804

- Lead color : Red, Blue, Brown, Orange, Yellow, Light Green, Sky Blue, Pink

Check here for product information

IMPORTANT: Incorrect use will cause lead to break.
Read instructions carefully before you attempt to use your pencil.

How to use

<p>To select lead:</p> <p>Rotate clip to your selected lead color.</p>	<p>To advance lead:</p> <p>Release lead to desired lead length, but no more than 3mm (1/8 inches).</p> <p>3mm</p>	<p>To retract lead:</p>
---	--	--------------------------------

⚠ Be sure to retract the lead COMPLETELY.

In case lead is incompletely retracted, the protection mechanism will allow the clip to slip.

How to replace the lead

<p>Align the tip of the clip with the color you want to replace.</p>	<p>Align "① Lead refill indicator" to "② Lead indicator mark".</p>	<p>Push "Lead advance knob". Chuck opens widely to allow for lead to be inserted or removed.</p>	<p>To prevent the lead from falling out, set the "Lead refill indicator" on the opposite side of the clip except when replacing the lead.</p>
--	--	--	---

Please use Pentel's "Multi 8" refills (lead diameter 2.0).

Trouble shooting

In case different color lead comes out

<p>Keeping the lead exposing from the end of chuck.</p>	<p>Rotate clip.</p>	<p>Align "Lead indicator mark".</p>	<p>Be sure to retract the lead completely into the lead holder.</p>
---	---------------------	-------------------------------------	---

In case the leads are broken in the lead holder or 2 leads get into the same lead holder

	<p>Remove all leads in the same way as for replacing leads, and set them correctly.</p> <p>Use of the leads that are less than 15mm in length may cause malfunctions. Replace them with new leads.</p>
